

The Community Brands  
Business Partner Program

Grow your accounting  
business and make  
a difference – one  
nonprofit at a time.

As a CPA who works with nonprofits, you play a critical role in bringing a nonprofit's mission to life. At Community Brands, our Business Partner Program is made up of nonprofit accountants just like you. With our Business Partners, we grow our mutual businesses by working together – providing you a means to better serve your nonprofit clients and earn more money, while putting our fund accounting software into the hands of more nonprofits.

### Grow your business with a new revenue stream.

Earn money while marketing, selling and even implementing our MIP Fund Accounting™ software.

- Generous margins – among the best in the industry
- Onboarding, training, sales and marketing resources to help you succeed right away
- Regular communications to keep you in-the-know about the Business Partner Program and MIP Fund Accounting™

### Strengthen your role as a trusted advisor to nonprofits.

Provide an award-winning accounting solution for your nonprofit clients to help them:

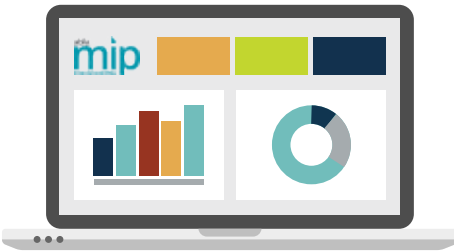

- Make better financial decisions
- Execute financial management with greater precision
- Better track, report on and manage finances across the entire organization

### Work with a provider of world-class technology for nonprofits.

Join our ecosystem of purpose-driven companies with technology and expertise for nonprofits.

- We train and authorize our Business Partners to sell our products, while enhancing the customer experience
- Our clients trust our partners to provide solutions that complement and extend our portfolio of products
- Our suite of connected solutions provides flexibility and choice for nonprofits

## About MIP Fund Accounting™

Our award-winning MIP Fund Accounting™ software was designed from the ground up to manage the reporting, budgeting, security and coding complexities of the nonprofit world. It's ideal for nonprofits that are outgrowing their small business accounting system and looking for a solution that won't hold them back.

## Looking to grow your accounting business?

We're looking for motivated partners to further expand our program and become trusted advisors to our nonprofit customers and prospects. Find out how working with Community Brands can help you make a big impact – one nonprofit at a time.

### About Community Brands

Community Brands is a technology-driven company that delivers purpose-built solutions, enabling leading associations, nonprofits and K-12 schools worldwide to thrive and succeed in today's fast-paced, evolving world. Our unique approach to assembling the best and brightest talent and technologies allows us to accelerate innovation for nonprofits, associations and schools, and bring to market modern technology solutions that power social impact, effect positive change and create opportunity.
